### **centrotherm photovoltaics to change its name to centrotherm international**

*Blaubeuren, June 12, 2017* – centrotherm photovoltaics AG is operating under the new name of centrotherm international AG from today. With the entry in the commercial register, the resolution of the Annual General Meeting on May 23, 2017 is legally effective.

„centrotherm continues to progress and with the company also our business areas. In addition to the photovoltaic and semiconductor industry, we also intend to serve other industry sectors with our production solutions“, emphasized Jan von Schuckmann, CEO of centrotherm. „Customers from other sectors should also benefit from our core competencies in thermal processes and system building. This should already be reflected in our company name“, Jan von Schuckmann continued.

*Please also note our new address in Württemberger Str. 31 as well as our new English web address [centrotherm.world](http://centrotherm.world)*

### **About centrotherm international AG**

centrotherm has been developing and realizing innovative thermal solutions for over 50 years. As a leading and globally operating technology group, we offer production solutions for the photovoltaic, semiconductor and microelectronics industries.

The continuous further development of our successful solutions in thermal processing and coating, such as for manufacturing crystalline solar cells and power semiconductors, form the basis for our successful partnerships with industry, research and development.

Our customers worldwide appreciate our production systems' process stability, scalability and availability in mass production. Above and beyond this, our work is distinguished by the fact that we create high-end process technology solutions which are specific for our customers and tailored to their requirements, and the fact that we are outstanding in system building.

We jointly confront the daily challenges of setting new trends, maximizing the efficiency of producing, for example, solar cells and semiconductors, and securing investments, coupled with our long machine lifetimes.

In this way, we generate valuable competitive advantages for our customers through targeted process innovations and production solutions.

Our around 650 staff worldwide are committed to the further development of high-tech solutions for key markets.
