centrotherm photovoltaics postpones Ordinary Shareholders' General Meeting and publication of half-yearly report in light of current insolvency protection proceedings

Blaubeuren, July 27, 2012 - As part of the current insolvency protection proceedings, a reorganization concept is presently being developed which will have a significant effect on the future development of the company. Given these circumstances, the Management and Supervisory boards have decided to postpone the Ordinary Shareholders' General Meeting, which was planned for August 14, 2012, to a later date, probably towards the end of 2012 or the beginning of 2013. For this reason, too, the publication of the half-yearly report will not occur on August 9, 2012, but instead at a later date.

About centrotherm photovoltaics AG

centrotherm photovoltaics AG, which is based at Blaubeuren, Germany, is a globally leading technology and equipment provider for the photovoltaics sector. The company equips well-known solar companies and new sector entrants with turnkey production lines and single equipment to manufacture silicon, and crystalline solar cells and modules. As a consequence, the Group possesses a broad and well-founded technological basis, as well as key equipment at practically all steps of the photovoltaics value chain. centrotherm photovoltaics guarantees its customers important performance parameters such as production capacity, efficiencies, and completion deadlines. The Group currently employs around 1,400 staff, and operates globally in Europe, Asia and the USA. centrotherm photovoltaics achieved revenue in the 2011 financial year of around EUR 700 million. The company is listed in the Prime Standard on the Frankfurt Stock Exchange.
